Call or Email Package Express Center Inc. As Needed

Yes – PEC answers every call LIVE!. We do not even have a phone system that talks to you and tells you to push buttons or tells you to leave a message. The reason PEC has answered every call live for almost 40 years – is to be able to answer and help our customers as fast as we can.

Over the years we have found that many people are now emailing PEC their questions or requests. The number of email requests have now tripled over the last 2 years. Email PEC at info@packageexpresscenters.com. This PEC email address is monitored by over 10 people throughout our normal business hours and we usually respond very quickly to normal questions or requests. **** To better help you – please include your account number and store information.***

Training Options – Are you Busy?

Of course, you and your store associates are busy! Go to www.packageexpresscenters.com and take some time to look over all the training resources for your store to stay trained up on how to process packages correctly. PEC's website contains training PowerPoint presentations, flowcharts, webinars, booklets, and much more on every topic about shipping packages you can think of! Have your staff do some retraining each week on the UPS shipping service materials and read past newsletters. Your staff will be better trained, faster and have less errors or problems!

International Shipping – What to Know

PEC accounts are shipping many more international packages using PEC's New International Mode in our Total Shipping Software. Some of the reasons why more PEC Shipping Centers are processing International Packages are:

- International Shipping has been made easier, electronic filing of custom forms and simpler to understand in our UPS Ready Certified Software

- The average profit per package is over \$ 24.00
- A new International Training Presentation is on www.packageexpresscenters.com to review prior to starting to ship international packages for your customers

Remember: You must follow the shipping process and submit your electronic custom forms or your customer's package will sit in the duty & custom department until paperwork has been submitted from your store.

Do you have a QR code for an Amazon return?

We are happy to take your return packages, however you must choose the option to print the label.

There is an option to email the label so you can print anywhere. Just email the label to our store and we will print it for you.

This not only applies to Amazon returns but to others such as:
-Cell Phones (AT&T, Verizon, Sprint, etc.)
-Cable/Satellite (Comcast Xfinity, Dish, DirecTV, etc.)

Anytime you need to return an item, be sure to ask for a shipping label instead of a QR code and we will be happy to assist you.

Already submitted a return using the QR Code? Log into your Amazon account and cancel the return using the QR Code. Go back and request the return with a UPS label. Email the label to our store and we will get it printed for you.
