

Package Express Center Locations are NOW UPS Authorized Shipping Providers & All that Brings to Your Store!

Forty years ago, when PEC first started setting up independent retail locations in Small Town America to process & ship UPS packages for their customers these new PEC locations were called commercial counters. Now years later UPS Corporate has branded our National Network of PEC locations as UPS “Authorized Shipping Locations”.

Over the years – UPS Corporate has recognized the value of our PEC independent retailers in communities that offer UPS services and has been working to reward, help, and assist Package Express Center Inc., and our National Network:

- In 2006, UPS studied the “doing it on their own” commercial counters that had lower volumes, higher cancellations, price gouging, bad customer experiences, high claim rates and overall, a low operating score and decided to stop this program and not set up anymore “winging it” locations.
- In 2012, UPS recognized our locations were well trained, had ongoing support & training from PEC, offered a good customer experience and proposed the idea to list our locations on UPS.com locator to drive even more customer traffic into our locations.
- PEC locations and especially brand-new locations have resulted in untold advertng dollars for this service in many stores. The UPS information about a UPS store lists full store information, driving directions, UPS pick-up times, store hours and services offered. Many PEC accounts only rely on their UPS signage and UPS.com locator advertng – do no other advertng or promoting and are still successful with this UPS shipping service.

Find a Location

Find a convenient UPS drop off point to ship and collect your packages. Our locations offer shipping, packing, mailing, and other business services that work with your schedule to make shipping easier.

UPS Authorized Shipping Providers

continued from page 1

- UPS also recognized the growth of Internet sales and drop off packages in 2012 and started rebating back money to all our locations for accepting these types of packages.
- UPS knows the value that their brand logo has on consumers— so they offered PEC the chance to incorporate their UPS logo into our full selection of banners, signs and decals for our accounts. (See inside right page of this newsletter for our full selection of UPS branded marketing items that are available on sale this month!)
- Approximately 5 years ago – UPS sent out ALL of our existing PEC locations new signs at no cost!

- UPS acknowledged stores hate paying for address corrections and have been rebating back to you quarterly 50% of all address correction fees your store has been charged. But – in the last 5-6 years address corrections have dramatically decreased due to stores using the Address Validation API built into our UPS certified Total Shipping Software and also locations updating their ship to database if they do incur a correction.
- UPS Corporate assigned PEC Inc., a special (not published) 800# for PEC to use to help our stores get resolution with any issues or problems they might have with UPS. If you have any issues - call or email PEC to help you with any issues your store might have easier and faster!
- UPS acknowledged that some stores might not need a driver to stop everyday and/or stores wanted to pay a lower UPS weekly service fee. PEC was able to start offering the UPS Smart pick-up option that saves both UPS & the store money. PEC's negotiated weekly service fee is one of the lowest fees being offered over the years.
- UPS has offered PEC locations to charge the Suggested UPS Retail Rate – so that are stores are price competitive with other shippers and in return our PEC locations are offered handsome discounts off the freight price.
- UPS then saw the value of PEC locations becoming Access Point locations in their communities and increased the amount rebated back to these almost 2,000 AP locations in 2022.
- All NEW: Would your store like to get FREE Saturday pick-up for your customer's packages? A \$ 9.00 weekly value or \$ 468.00 yearly value. Call today (1-800-274-4732 or email info@packageexpresscenters.com) for information on this new benefit.

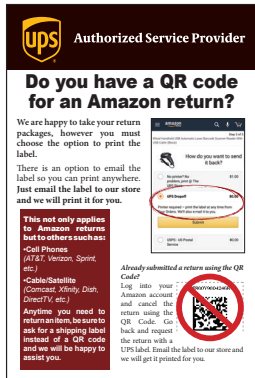

With Package Express Center working with you, on behalf of you with UPS Corporate and always trying to bring you more benefits, more or better rebates and a great working partnership – how can you go wrong with continuing to offer this UPS shipping service for the customer traffic, increased profits, and benefits your community?
