

## What is the Secret to Shipping More Packages?

I often get asked what are successful stores doing to SHIP MORE PACKAGES. I also get asked by prospects: “How do I know this service will work in my store?” There are no secrets to shipping & processing more packages, but if you spend 5 minutes a day on this PEC/UPS Package Shipping Service you will notice a difference in how smoothly this service will run, perform and how your employee’s knowledge for this service will increase:

- Timely read any emails we have sent to the email address on file for the store.
- Read the monthly newsletter we email to the address on file or go to [www.packageexpresscenters.com](http://www.packageexpresscenters.com) to read monthly.
- Read the monthly Management Report that prints out the first day of each month.
- Check your store’s name, address and hours of operation on [UPS.com](http://UPS.com) and the information on your store’s Google store listing...
- Speaking of your Google store listing – have you added UPS Shipping Services to the Google listing?
- See if the PEC Shipping Center in your store needs any tape, receipts or toner.
- Check to make sure at least one interior and one exterior sign is being displayed for this service.
- Check the AP Daily Message button on the REAP Site in the morning for need to know information.
- Check in the morning to see if everyone or someone in the store that day knows how to ship a package.
- If issue(s) with anything – find out if everyone knows to call 1-800-274-4732 to ask to get help or email [info@packageexpresscenters.com](mailto:info@packageexpresscenters.com) if you have any questions.
- Check to see if The PEC Shipping Center is in a good location that customers can find.
- Change your TS software customer receipt coupons weekly or once a month.
- Incorporate “Ship where you Shop” or “We Ship UPS” into your existing advertising.
- Go to your Chamber or newspaper and see if they will announce your store is now offering UPS Shipping Services for your community now!
- Make sure the shipping computer is turned on first thing in the morning due to any PEC and/or UPS updates can install and your first shipping customer of the day is not waiting due to these updates.
- Install impulse items next to shipping center - so a customer can see them while shipping and purchase.
- Check to see if your store employees are saving boxes and packaging materials to assist customers and charge for doing this.
- And, of course one of the best suggestions comes from Mike Campbell at Hanover True Value. Call Hanover and they answer every call and say: **“Thank You for Calling Hanover True Value & UPS Shipping!”**

**YES – Spending just 5 MINUTES A DAY on this traffic building & improving profits service in your store can have HUGE results in the success of your PEC Package Processing & Shipping Center!**

# QR Code Signs

**ups** Authorized Service Provider

### Do you have a QR code for an Amazon return?

We are happy to take your return packages, however you must choose the option to print the label.

There is an option to email the label so you can print anywhere. Just email the label to our store and we will print it for you.

**This not only applies to Amazon returns but to others such as:**

- Cell Phones (AT & T, Verizon, Sprint, etc.)
- Cable/Satellite (Comcast, Xfinity, Dish, DirecTV, etc.)

Anytime you need to return an item, be sure to ask for a shipping label instead of a QR code and we will be happy to assist you.

**Already submitted a return using the QR Code?**  
Log into your Amazon account and cancel the return using the QR Code. Go back and request the return with a UPS label. Email the label to our store and we will get it printed for you.

1 sided | 24"W x 36"H  
\$39.95 Regular price

**We DO NOT accept QR codes**

**At This Location**

UPS Authorized Service Providers cannot accept QR codes. You may change your request from a QR code to a label for acceptance at this location.

1 sided | 24"W x 32"H
